**Manchester Airport  
Draft Noise Action Plan  
2024-2028**

# Draft Noise Action Plan 2024-2028

[manchesterairport.co.uk](http://manchesterairport.co.uk)

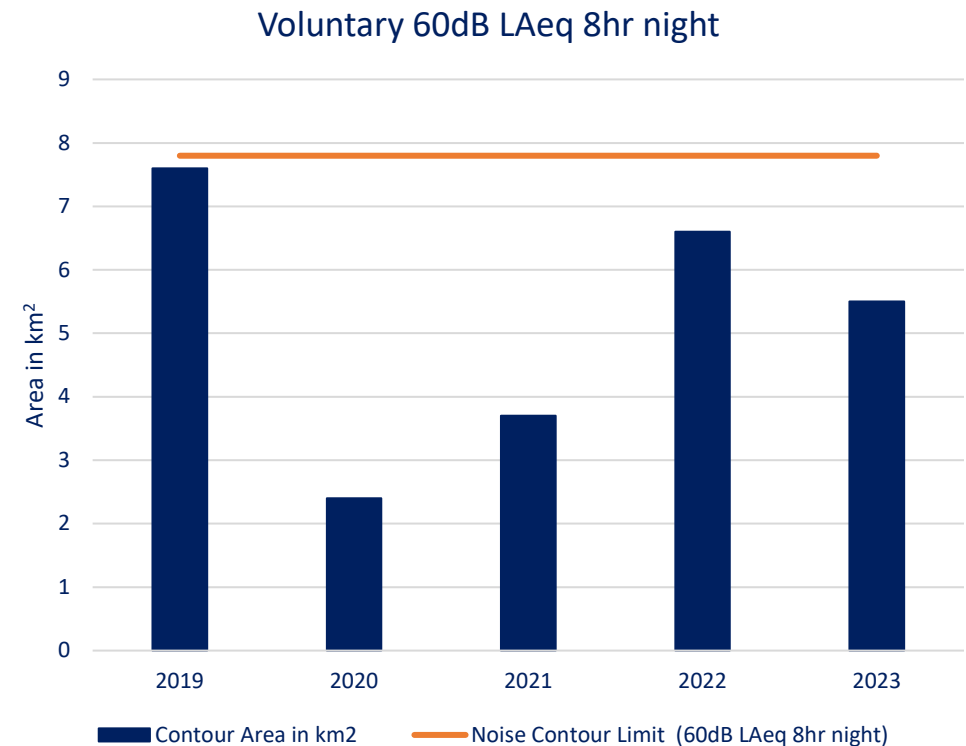

# What is a Noise Action Plan ?

- A legal requirement
- An opportunity to engage local stakeholders to develop noise management framework
- Refreshed every five years
- Next plan to be submitted to government later this year
- Noise maps are snapshots of potential noise impact and are used to update the noise action plan.

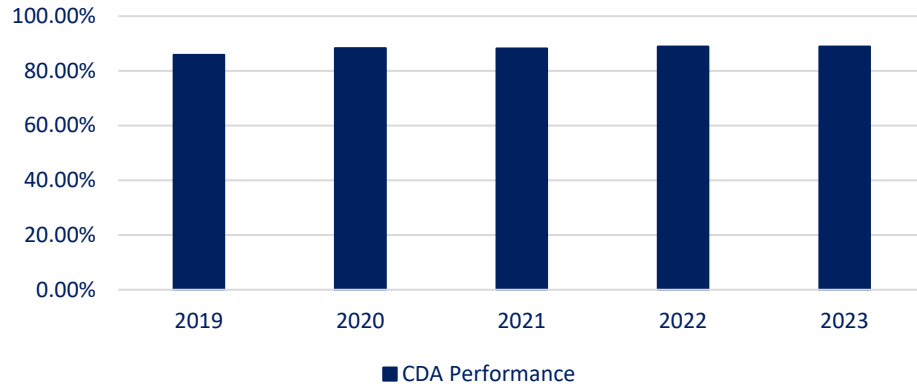

# Noise Action Plan 2019 – 2023: Looking back

- New noise monitors at Bramhall and Plumley
- Improved noise abatement compliance:
  - Continuous descent approach (86% to 89%)
  - Departure track compliance (85% to 88%)
- Significant increase in the use of the latest generation of aircraft, (23% in summer 2023)

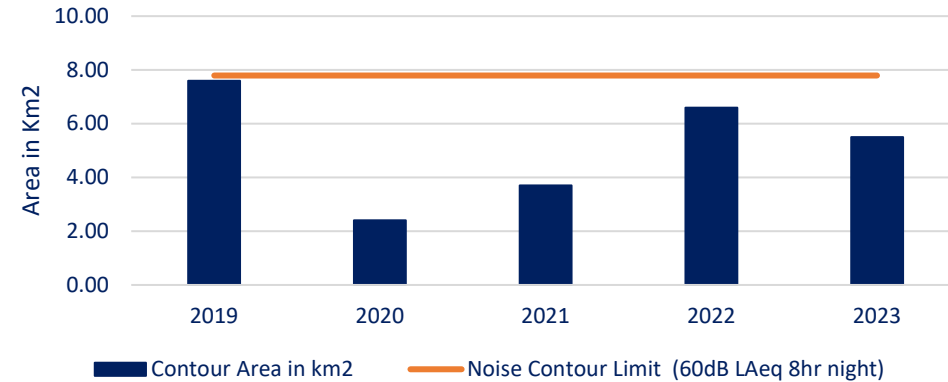

# Noise Action Plan 2019 – 2023: Looking back

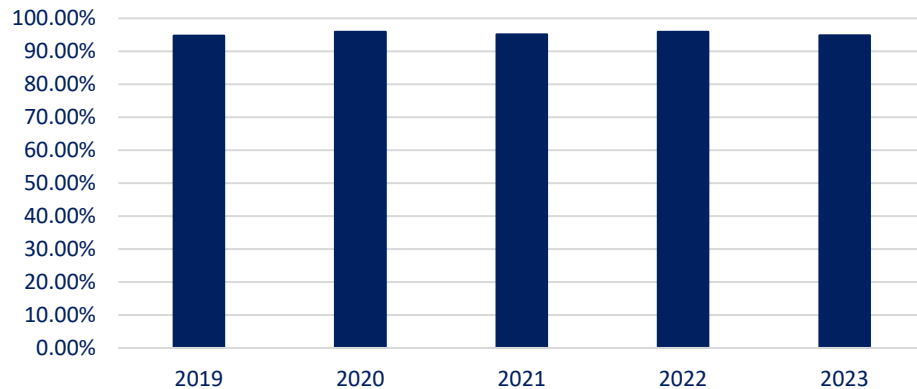

### Continuous Descent Approaches

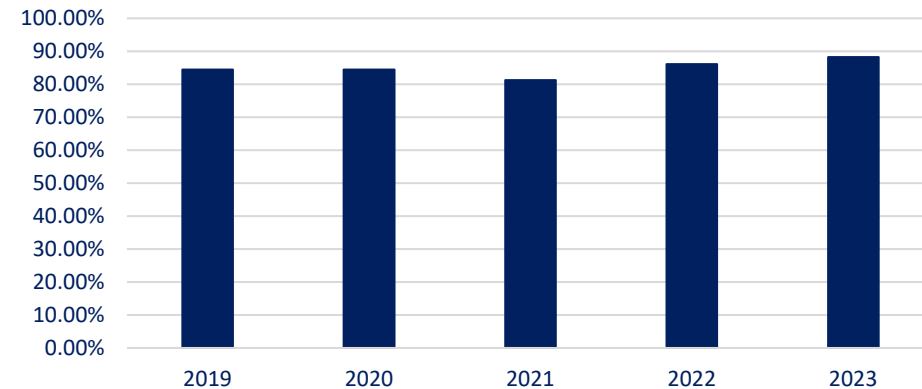

### Voluntary 60dB LAeq 8hr night

### Continuous Climb Performance

### Departure Track Keeping Performance

# Our Draft Noise Action Plan

- Covers the period from 2024-2028
- Builds on existing and previous Noise Action Plans, Night Noise Policies and Local Planning agreements
- Establishes actions and measures to minimise the impact of aircraft noise and airport operations on our communities

# New Noise Action Plan Actions include

- Strengthening night noise management
- Revised noisy aircraft penalty scheme
- Investigating the feasibility of introducing a displaced arrival threshold to Runway 05R
- Establishing a Quiet Flight Performance Report for operations at Manchester Airport
- Incentivising the introduction of quieter aircraft
- Develop and introduce an online portal, providing local communities with location specific information about noise management and performance

# Public Consultation - We are seeking your views

Details of our Draft Noise Action Plan and consultation are [available on our website](#).

Your views are important to us, and we welcome feedback on our draft Noise Action Plan.

To provide feedback on the Manchester Airport NAP:
